

Ocean Gallery Property Management

4600 A1A South

St. Augustine, Fl. 32080

Dear Homeowners,

Attached you will find several important documents of which you need to be aware.

Changes have been made to our guest pass system to ease the process for family members to access the property and a process has been created to provide the community with the contact information of those on the property that are renting directly from the owner.

On one page you will find a document "Guest pass for family members" that allows you to list those relatives (10 names maximum) that visit the property during the year, this will allow your immediate family to enter the property without a guest pass request being called in to the community for each visit.

On another sheet is a copy of the "Rules and Regulation of Ocean Gallery". These rules and regulations have been around since the start of the community and from time to time the board members may amend or change these rules and regulations. The only change to this document is the last item listed which requires a "lease approval process" similar to the "purchase approval process" that has been in the governing documents for over 30 years.

The other documents are related to and are examples of the Lease Approval Process and the directions of how to get a guest pass for those individuals renting directly on their own.

THE NEW GUEST PASS SYSTEM IS EFFECTIVE May 1, 2016

Please contact the property management office if you have any questions

Sincerely,

The Ocean Gallery Property Management Office
